FEATCHERS:-

1. VISHWAKARMA BRAND Mounted Offset Disc Harrow when mounted on a tractor becomes a compact unit that can easily be maneuvered into corners or on short head lands.
2. It is mostly used in open farm workings for the superficial ploughing, for the shattering of clods, preparation of soil for sowing, burial of organic substances & remains.
3. In addition, the implement being easily attached and transportable in top speeds, little time is lost between the shed and the field.
4. To air the soil and to eliminate the weeds.
5. For breaking the roots.
6. Angle can be easily adjustable.
7. It can be used in light and medium soil.

ADVANTAGES:-

1. Durable & Long lasting.
2. It is directly mounted to the tractor
3. Best quality Boron steel discs used.
4. Low maintenance
